

Wagon Creek Hunting Rules 2018 Big Game Seasons

All Colorado Division of Wildlife Rules and Regulations must be followed

All hunters in FWCR must obtain a Permit to hunt any property including your own.

A landowner must be hunting the same season as their guest hunters.

You must email or message a photo of your current hunting license for the season you are requesting a permit for. In Colorado you must have written permission to hunt private land and the ranch is all private.

Hunting is allowed only on the lots indicated on the hunting map.

Road hunting is not allowed.

No hunting is allowed within 100 yards of any cabin even if that property is a hunting lot.

Each land owner has 4 hunting slots for the fall Big Game hunting seasons that runs from the last Saturday in August thru November. Kids and grandkids under the age of 16 are excluded from the limit of 4 slots.

No Paid Guided Hunting is allowed on the ranch.

Hunting on lots marked as NO HUNTING and any of these rules broken will result in a fine and loss of hunting privileges on the ranch for the following year.

Every land owner is responsible for the conduct of their guests.

Any one seeing any illegal activities should call the Game Warden and report them. 877-265-6648
